**Adshead Garage**

## MASONIC LODGE GIVES PICTURE SHOW.

C.P.R. Collaborates.

An entertainment, somewhat unique in its character, was patronised on Friday evening last by the juveniles of the town and district in great numbers. The event had been arranged by King Hiram Lodge A.F. & A.M. partly as an educational feature, giving the children in effect a broader conception of the world in which we live and furnishing them free with an excellent form of enjoyment.

The program consisted of pictures depicting the C.P.R. liner Empress of Scotland, commencing her world cruise, her "life on the ocean wave," calls at various world ports, scenes and incidents in connection with which were beautifully portrayed. Japan, for instance, was extremely interesting. Its cultivated gardens, railways, native life, age-old idols, were all clearly shown. Then, too, one was taken north to Alaska, the inside passage to which has so often been described. Banff was another picture that held the interest of all. Then in the east appeared the Lake of the Woods, recognised and gladly greeted by former residents of Ontario.

In all there were five films shown. The pictures having been obtained through the courtesy of the C.P.R. who are only entitled to the time but also kindly sponsored their production through the C.P.R. at Calgary, who came to Didsbury especially for the purpose.

At nine o'clock the pictures were repeated for the benefit of the members of the Lodge, wives and friends also being in attendance.

Later on there was dancing and refreshments.

Sandwiched between the pictures and the first dance, especially pleasing to the Masons present, was a presentation to their very popular secretary, H. Morgan, who has retained his position now for about five years.

The onerous duties of this office were fully appreciated by all, and the fact that he has so long and faithfully carried on the work now received recognition in the presentation to him of a handsome travelling bag and fountain pen, the gifts being made by J. A. McGhee.

## FARMERS ADVISED TO TEST SEED GRAIN.

Warning is being issued to farmers at the present time in connection with the germinating quality of the grain which they propose to use for seed. Where grain has been exposed to the weather over winter, as has happened this year in some sections of the province, it is particularly advisable to secure a germination test on this grain before it is used for seed.

A one-pound sample of grain should be sent to the Dominion Seed Laboratory, Calgary, where the test will be made free of charge for farmers. Satisfactory germination tests can also be made at home by planting two lots of 100 seeds each about one inch deep in boxes of soil or sand. The tests should be kept fairly moist and at living-room temperature for about twelve days. Note should be taken of the number germinating in six days which indicates the vigor of germination, and the number germinating in twelve days which indicates the total number of viable seeds. It is strongly recommended that germination tests be conducted as early as possible in the spring on all grain intended for seed.

## Southern Highways Being Gravelled.

Gravelling of the Cardston-Warrenton motor road has been proceeding rapidly during the past few weeks and it is expected that this project will be completed within a short time. 900 yards of gravel to the mile is being placed on the highway, making it a very serviceable road. The road between Cardston and Leavitt is practically completed as is also the section

between the lakes and Mountain View on the west end. Considerable work has also been done on the gap between Leavitt and Mountain View.

## Game Association to Import Pheasants.

One thousand pheasants, and possibly twice this number, will be imported this year by the Calgary Fish and Game Protective Association and will be set out in selected districts to the south and south-west of Calgary. It is announced by C. A. Hayden, president of the association. A number of experiments with this splendid game bird in the southern part of the province have proved very successful and an effort will be made to stock a considerable area adjacent to Calgary.

## Settlers Harvested Very Good Crop.

The average yield of wheat in the section of Alberta from Red Deer south to the border, on the farms of settlers brought over from the Old Country by the Land Settlement Board, was 21 bushels to the acre, according to the recent report of W. S. Woods, superintendent of the Cal-

gary branch of the board. The sixteen field supervisors from whose reports this information was compiled have reported conditions generally to be very satisfactory among these new settlers.

## WEDDING.

Jacobs—Von Hezwyck

A quiet wedding was solemnized at Father Sullivan's residence in Olds, on Monday, February 20th, at 11 o'clock, when Miss Mary Van Hezwyck became the bride of Mr. Bruno Jacobs, both at Didsbury.

The bride wore a white georgette gown and veil, and was attended by the bridesmaid, Miss Laura Brown, dressed in jade green. Mr. Jerry Van Hezwyck acted as best man.

The wedding luncheon was held at the Victoria Hotel, Olds, after which the bridal couple left for Calgary by motor, accompanied by Mr. and Mrs. Scheswinger and Mr. Jerry Von Hezwyck.

Among those present were Mr. and Mrs. Scheswinger, Mr. R. D. Smith, Mrs. M. Rodney, Mr. and Mrs. P. Radford, Mr. and Mrs. W. Cuffling, and Mrs. Claholt.

sits like a flash—single sip proves it

**ORIGIN OF TERM "ORANGE PEKOE"**

Thousands of people every day read of and ask for "Orange Pekoe" tea, yet rarely know what this term means. Mr. Spalding Black, of the Salada Tea Co., gives the following information on the subject:

"At one time China produced practically all the tea used in the world. There the tip leaves of the tea bush looked silvery in color and when cured were wiry in shape. These tip leaves were called by the Chinese 'tipak-ho' (meaning silver hair). In the latter part of the nineteenth century, when tea growing had spread extensively to Ceylon and India, tea growers discovered that the color of the tip leaves on the Ceylon and Indian tea bushes was changed by the climate to a slightly more orange shade, so the Ceylon and Indian tip leaves came to be called 'Orange Pak-ho.' This was soon Anglicized to the term we now have—'Orange Pekoe,' which should be pronounced 'Peek-o.'

The ordinary buyer of tea, when asking for "Orange Pekoe" expects to receive a Ceylon or Indian Black Tea. However, there are so many qualities of "Orange Pekoe" offered to the public, and frequently at bargain prices, that a word of warning is necessary.

Everyone is familiar with the merchant who has perishable fruit and who sells for very low prices the last of the shipment which has lost its freshness, which the merchant wants to be rid of to avoid loss. The same thing applies to tea, which also is very perishable if exposed to the air. When you see cheap tea, it is either very poor quality or else it has lost its freshness and most of its strength, whether this tea is called "Orange Pekoe" or not.

In this age of well-edited newspapers, radios, automobiles and fast trains, accurate knowledge on a great host of subjects is transmitted rapidly. The advance of science has nowhere been more valuable to mankind, except perhaps in preventive medicine, than in the means of protecting the purity and goodness of food stuffs.

Today, in accord with enlightened knowledge, the best tea is always sold in sealed air-tight packages, preserving it from deterioration in flavor and contamination from any outside source. Canadian tea-drinkers are today getting better and purer tea than ever before. The sales of well-blended and carefully packed package teas are constantly increasing as a result of the purity and superiority of these teas being advertised to the public."

At Grun, Germany, in the same parallel of latitude as Newfoundland, are the most northern vineyards in the world.

**RETAIN YOUR HAIR.**

Minard's Liniment stimulates growth of hair. Keeps it glossy and kills dandruff.

**Air Record Broken**

All commercial air speed records between London and Paris were broken recently when an Imperial Airways liner covered the 230-mile flight into the French capital in 80 minutes. This is six minutes under the fastest flight previously made in 1921.

**WHY TORTURE THE LITTLE ONES**

Mothers, do you think it fair to torture your little ones by forcing them to take ill-tasting oils when they need a laxative medicine? Don't you find that the child's dread of these medicines often do more harm than good?

Baby's Own Tablets are the modern substitute for these nauseous doses. They are the very medicine the child requires and are so pleasant to take that they are as easy to administer as a glass of water. They are the perfect remedy for all the minor ailments of little ones, being absolutely guaranteed free from injurious drugs.

Baby's Own Tablets accomplish all that castor oil and other bad-tasting remedies can do. In fact they accomplish more as they do not leave the child exhausted from its struggle against taking medicine. They relieve teething pains, banish indigestion and constipation, break up colds and simple fevers and promote healthful, refreshing sleep. They are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Life's greatest illusion is that money brings contentment and felicity. Nothing of the kind. It brings responsibilities and worries.

Lesson: Mark 1:16-20; 2:13, 14; 3:13-19; 6:7-13, 30.

Devotional Reading: Romans 12:1-8.

**Explanations and Comments**

I. The Choice Of the Twelve, 3:13, 14.—One day Jesus went up the mountain to pray; he continued there all night in prayer, Luke tells us. Then as companions for Himself and as messengers to the people he chose from among all His followers a little company of twelve men. "The number is significant and symbolical, a clear allusion to the tribes of a new Israel. And by that choice of twelve Christ did two things: (1) He made stupendous claim for Himself. Every Jew knew in a moment what the choice of twelve implied. It implied that Jesus was the promised and long expected Messiah. It meant that he was the fulfillment of ancient prophecy. And (2) it provided the apostles themselves with a constant stimulus to devotion and support of faith. It carried their minds back to the promises."—J. D. Jones.

They were ordinary men, these twelve, men from the ordinary ranks of life. Four of them were fishermen, one was a tax-collector. It was the power of the gospel that it built up its mission on the lives of ordinary men, G. K. Chesterton says: It took ordinary men and made of them apostles, missionaries, evangelists, martyrs.

"Jesus found twelve ordinary men and discovered extraordinary capacity in them. They had had little opportunity. He became their opportunity. They did not have a great past. He saw that they could have a great future. He judged them by the spot where the Infinite touched them. He lived with them. He talked with them, and then He gave them something to do. He knew that only when listening is turned into action does it become character. He made them heralds of the Kingdom, and they grew in stature even as they announced its coming."—Lynn H. Hough.

## PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

### CHAPTER XIX.—Continued

The Englishman stretched out his arms dramatically. His voice quivered like a violin string. "The British Empire is my country," he said; "I was born beneath the British flag, and so were my people for generations back. I love it. The British Empire is in trouble and has called. I do not reason, I go. It's like your mother calling—would you wait to question if your mother called? If you knew your mother was attacked by a bully would you hang back to see first if she had been to blame in any way—would you? My mother couldn't be wrong—not to me. That's what I mean."

Helmi was coming in from the kitchen with the dessert on her big tray. She paused, arrested by the strange voice speaking with such terrible earnestness.

Bill Larsen had not stopped eating. Empires might rise or fall, but Bill believed in getting his " vittles " while they were hot. "Well no," he said. "I can't say as I feel that way toward any country. It's a case of show me—I'm from Missouri, first, last and all the time."

Helmi watched the Englishman's face. He was staring helplessly at the complacent big giant before him, who serenely buttered a slice of bread on his broad palm as he spoke.

"I ain't so fussy over your old British Empire, anyway," added Bill; "I don't know but I'd just as soon see Germany win."

Arthur Warner, walked over to where Bill sat. His face was white and his eyes very dark. Helmi knew just what was going to happen.

"You cannot insult my country in my presence," he said quietly, and slapped the Swede's face with his open hand.

With a hoarse oath Bill sprang from the table.

## A Blessing to People of Advanced Years

**Gin Pills relieve sufferers from kidney and bladder trouble**

"I wonder if you really know what a blessing Gin Pills are to people of advanced years."

"I am 72 years of age, and suffered for a considerable time with kidney and bladder trouble. My rest was broken through having to get up in the night three and four times. Later I suffered with pains in the bladder, and my son, who had used Gin Pills for pains in the back and lumbar, bought me a box. Before I had finished it I was relieved of the pains in my bladder and had to get up less frequently. At my age I can scarcely expect to be permanently free from troubles of this kind, but if Gin Pills will give others the relief they have given me, they will be a blessing indeed."

(Name on request.)

Prompt and lasting relief has been found in Gin Pills by thousands of people of advanced years who have had kidney or bladder trouble. If even slightly troubled in this way, get a box today at your druggist's—50c. National Drug & Chemical Company of Canada, Limited, Toronto, Canada.

W. N. U. 1722

## Has Many Underground Rooms

250,000 In London County Have Ceilings At Street Level

A recent census in one London borough alone reveals the existence of 7,000 basement rooms, of which 1,500 have ceilings at street level and are death-traps, therefore, if floods come. It is estimated that there are 250,000 basement rooms in the County of London.

Of course, not all are used as sleeping apartments, but the majority are habitations for day use and are let to people who cannot yet find other homes. One can scarcely call this condition of things "shameful." It is an unwholesome legacy of the war, and borough authorities, in sheer mercy, are compelled to turn a blind eye to the law until arrears of building, particularly of workmen's dwellings, have been wiped out. They cannot turn the people into the street.

## Nursing Record In Two Continents Hard To Equal

Nurse Waite of New Brighton writes: "While nursing in New York, in my early twenties, I was poisoned by food, my sister nurse recommended your wonderful Vegetable Laxative Pills."

"I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, sick headache and indigestion caused by constipation poisoning."

**CARTER'S LITTLE LIVER PILLS**  
All druggists—25c and 75c red pkgs.

angry eye. "Turning against your own country, eh, Helmi," he said to her in Finnish, "you turned me down for Jack Doran, that didn't take long to get tired of you and quit, and now I see you've turned against your own country."

"Canada is my country," Helmi replied, with flashing eyes, "and I would fight for it if I could. I wouldn't hang back like a big coward."

Arthur Warner was not able to leave on the train that day, nor for a week, during which time he was carefully nursed by Helmi and old Sim, the night watchman.

Mrs. McMann discussed the matter in its social aspect with her boarders. "Helmi is a queer girl, but she's goin' to get herself talked about this time, takin' a strange man into her house when her own man is away. I told her—I've warned her all along—but do you think she'd listen? Her and Old Sim are hand in glove, and no one can tell them anything. She says it's her duty to care for a soldier who is goin' out to die for all of us. Well, he don't need to die for me—I'm an American citizen, and I guess Old Glory will always protect me. I wonder what Jack Doran would say if he came home right now? If I know men, and I certainly should, a thing like this will take a lot of explainin'. Poor Mr. McMann would have shot any man whom he found in his house like this. He was so impulsive where I was concerned. He didn't even like to have me left alone with the ice-man. I told him it was nonsense, but nothing could change him!"

But Helmi and her guest were not concerned over public opinion. Strangely enough, neither of them had thought about it. The doctor from Bannerman had set the broken arm, and advised him to lie still until the dizziness in his head had gone.

The time passed pleasantly for Helmi. She was glad to have someone to care for, and "Mr. English," as she called him, was so grateful. When he tried to pay her, Helmi firmly refused to accept anything. "You are a good man," she said, "leaving everything to go to fight for us. I am glad to help you. I wish I could do more."

It came to the last day, and Arthur Warner was sitting in the rocking-chair watching Helmi as she packed his valise. She had taken out his things, washed his shirts and socks, mended them, and pressed his clothes. "By Jove, Helmi!" he said, in admiration, "you are a born nurse, so quiet and capable. They are calling for nurses over there—can't you come along? I have lots of friends

there who haven't forgotten me, I am sure, and they would get you in. You are too smart a girl to be just a waitress."

Helmi held up a little garment which she had been making, and quite frankly told him why it was impossible for her to go.

The Englishman apologized humbly. "Oh, no," said Helmi, "it's all right; I do not mind telling you. No one here knows yet, but I am not sad about it. I am glad, I am only sad about Jack being away."

"I love what you said about your mother," said Helmi after an interval of silence. "You would fight for her even if she were wrong. No, she couldn't be wrong to you. That is a lovely thing. Do all men feel like that? I would like to have a son who would feel like that for me."

"I think all decent men do feel that way," Warner said simply. (To Be Continued.)

## RHEUMATIC PEOPLE CAN OBTAIN RELIEF

By Enriching Their Blood With Dr. Williams' Pink Pills

Rheumatism is a disorder of the blood. It attacks people when the blood is thin and impure, thus setting up inflammation of the muscles and joints. Wet or cold weather may start the pains of rheumatism, but is not the cause. The cause is in the blood. Hot applications or rubbing with liniments may ease the pain, but do not reach the cause and the pains are soon back again. To get rid of this most painful trouble you must treat it through the blood and for this purpose nothing else can equal Dr. Williams' Pink Pills, which from first dose to last actually make new, rich blood, thus driving the rheumatic poisons from the system. Mr. Henry E. Amiro, Lower East Pueblo, N.S., tells what these pills did for him. He says:—"I had an attack of acute rheumatism so bad that I could not walk a hundred yards without so much suffering that I would feel faint. I could not do the least work, and any movement caused great pain. I was under the care of a doctor but did not improve much. Then reading of a similar case in a newspaper I decided to try Dr. Williams' Pink Pills. By the time I had used three boxes, there was no doubt they were helping me. I took altogether about a dozen boxes when I was entirely relieved of the trouble, able to walk four miles to my work, chop wood all day, and then walk home again. To anyone suffering from rheumatism I can strongly recommend Dr. Williams' Pink Pills."

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Fish bones are being turned into ornaments for women's hats by an English firm.

A Prime Dressing For Wounds. — In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

Bubonic plague killed off one-fourth of the world's population in 1348.

**Why is Red Rose Tea so fresh and flavory? The answer is that it is a blend of the choicest, juiciest leaves, picked when only ten days old—and sold by your grocer in clean, bright aluminum. No tea can be expected to retain its richness and strength unless packed in this modern metal container—the only package worthy of Red Rose quality.**

L-W

Jules Verne was born a hundred years ago, and the extravagant fancies that made him a popular writer of fiction have become the sober commonplace of our everyday life.

## WAS VERY WEAK NERVOUS AND MELANCHOLY

Mrs. Geo. McKenzie, Campbellford, Ont., writes:—"A short time ago I was troubled very badly with my heart and nerves, the cause of it, I think, was my going through the change of life."

"I was very weak and melancholy, and so nervous I could hardly bear to hear a clock ticking, and I did not sleep well."

"I was advised to try

so I sent at once for a box; took them and got another, and before they were all gone I felt good, my nerves are fine, I do not mind any noise, and I can sleep well. I cannot recommend them too highly to those suffering as I did."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Fish bones are being turned into ornaments for women's hats by an English firm.

Bubonic plague killed off one-fourth of the world's population in 1348.

## The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste, it's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: it is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them! Besides the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

## Children Cry for

**Fletcher's CASTORIA**

## Shipbuilding In Canada

A total of 395 ships were built in Canada during 1926, according to a report of the Department of Marine and Fisheries. These vessels had an aggregate gross tonnage of 48,395 and a net tonnage of 37,506. British Columbia led in the shipbuilding with 253 vessels to her credit.

## Minnard's Liniment kills warts.

Clerk—"You say it's not ink in this bottle? Why, certainly it's ink."

Shopper—"Well, it says right here on the label: 'made by the Blank & Blank Company. Not ink.'"

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

Ruth, "Does George know much about his work?"

Agnes: "I think not; he's worked in a packing plant for years and he can't even pack a suitcase."

On fishing trips take Minnard's.

## ECZEMA ITCHED AND BURNED

On Arms and Legs Six Years. Cuticura Heals.

"When I was a small boy eczema broke out on my arms and legs in small pimples. As I grew older the eczema became wet and turned very red, and my clothing aggravated it. It itched and burned so that many a night I could not sleep. The trouble continued for six years."

"A friend advised Cuticura Soap and Ointment so I sent for a free sample. I found great relief after using it so purchased a cake of Cuticura Soap and a box of Cuticura Ointment which healed me." (Signed) Louis W. Pluns, 7128 Jasper Ave., Edmonton, Alta.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes.

Sample Each Free by Mail. Address: Canadian Import, "Blenheim Ltd. Montreal." Price, Soap, 25c. Ointment 50c and 75c. Talcum 50c. Cuticura Shaving Stick 25c.

#### LOCAL & GENERAL

K. R. McLean, R.O., Sight Specialist, 212 Herald Bldg., Calgary, will make his monthly visit to Didsbury on Saturday, March 10th. Office adjoining Dr. Evans.  
Phone 113, evenings, for appointments.

A concert will be given by the M.G.I.T. in the Opera House on Friday, March 2nd. Admission 5c and 15c.

Good prices prevailed at C. A. Foster's sale on Tuesday of this week. Cows, especially, sold exceedingly well, in some cases \$100 being obtained for them.

The many friends of Herman Hawkes and of his mother, Mrs. John Hawkes, are congratulating them on their speedy recovery.

Miss Mary Remple left for Calgary last Friday and will remain away for a long period.

Mrs. John Remple is fast recovering from her four week's sickness.

Mrs. Wm. Urau entered the General Hospital for a slight operation.

Mr. L. Wrigglesworth left for Elmore, Alta. on Tuesday. He is entering the Royal Bank at that point.

Mr. Sutherland, C.P.R. Superintendent, was here on Tuesday inspecting the new spur track being erected here.

Mr. Sin Van Wyck was in town this week-end visiting friends.

Mayor H. W. Chambers and Mr. Austin were visitors in Calgary last week-end.

Mr. James A. McGhee and Mr. J. M. McDougall were Edmonton visitors on Thursday and Friday of this week.

The Ladies' Aid of the Western Lake Church will give a chicken supper and sale on Thursday evening, March 8th. Supper will be held at 7:30 o'clock, and sale after.

A lecture on the Wallis Tractors sold by the Massey-Harris Co., will be given in the Didsbury Opera House on Saturday, March 3rd. If the audience approves, the lecturer will also give an additional talk on the work of the combine harvester. Everybody welcome. Admission free. Starting at 1:30.

It is with very deep regret we announce the death of Mr. S. G. Watt, manager of the North End Lumber Yard which took place suddenly at Calgary on Tuesday, February 28th. Details of his death at time of writing have failed to reach us.

The announcement of the death of Mr. Watt will undoubtedly occasion general regret. He was a leading character in our midst, always taking an active interest in the welfare of both town and district.

Birth—On Tuesday, February 28th, to Mr. and Mrs. Charles Pratt, a son.

A meeting of the Women's Institute will be held on March 9th at 2:30 p.m. at Mrs. Dr. Clarke's. Roll call answered with "Household hints." A paper will be submitted by Mrs. Cliff Gibbs entitled "Household Economics." Angel food demonstration by Mrs. Dr. Clarke.

Mrs. Brawne of Westcott has disposed of her farm to C. H. Rinehart, who takes possession on March 1st.

One hundred and sixty acres of the Duncan estate has been disposed of the past week to John Wazut and Louis Kohut, who take immediate possession.

**At the Opera House on Saturday, March 3rd, Wm. Haines will appear in "Spring Fever," a golf story.**

W. Ganong has sold his farm to Lloyd Chandler, and Abe Snyder has purchased the Chandler farm east of town.

Mr. and Mrs. Perchbacher have been visiting friends here during the past week whilst on their way home to Castor from Ontario.

Mr. and Mrs. Boulton and family left on Wednesday for Attwood, Ont.

The departure of Mr. and Mrs. Donald Ganong next week for California, was the reason for a farewell party given in their honor in Melvin Schoolhouse on Friday last. There was a large number of friends present and everyone enjoyed the evening to the full. Dancing was freely indulged in until a late hour, refreshments served at the interval being also greatly appreciated. The music was furnished by the Rosebud orchestra, comprising the Misses Wilson, R. Finlay and O. Phillipson. The event was one arranged by friends and neighbours of Mr. and Mrs. Ganong, and was a tribute to their neighbourly qualities and the respect and esteem with which they are held in the district.

Mrs. W. Newton wishes to express her very sincere thanks to all those who have so kindly rendered assistance during the illness of her family.

Geo. Lantz and family left on Saturday for Iowa, where they will make their future home.

At the auction sale held on Saturday last, Jacob Wiens house, situated east of the track, sold for \$685.

There is an evident demand at the present time for good dairy cattle, as witness the prices being obtained at the auction sales. At G. A. Harris' sale held last Thursday, some of his cows sold for over \$95.

The election on Saturday in the municipality of Mountain View resulted in C. B. Johnson being elected by a majority of seven. At Westerdale N.S. Clarke was re-elected in division 1, J. K. Whiteside in division 2, and Alex Hogg was elected in division 3.

Miss Ruth Thoman was the successful student at the Sunnyslope school Fair winning the prize which entitles her to a short course at the Agricultural School, Olds, next July.

Mrs. Rignell of Portland, Ore. is visiting with her sister, Mrs. McNeil, and her mother, Mrs. Murray, who is in poor health.

A letter has been received from Victoria, B.C., from Rev. Mr. Clay, in which he states he expects to return in time to hold service again on Sunday, March 11th. His many friends will be glad to hear that the change has been very beneficial, and his health is considerably improved.

Mrs. J. H. Hehn underwent a serious operation at the Didsbury Hospital on Tuesday which proved quite successful. She is now, we are informed, doing very nicely.

Josiah Good went under an operation for appendicitis this week. He is now progressing very favorably towards recovery.

Miss Towers, the popular matron at the hospital, is, we regret to hear, resigning her position at the Didsbury Hospital, the resignation to take effect at the end of March.

John Kershaw had a runaway on Monday last. The tongue of his wagon broke and the whiplashes hit the team on the heels and away they went, spilling four cans of milk and causing destruction in general. John stayed with them and stopped them on the coal pile.

#### Bergen-Niche Valley.

Ben Scott has moved to the C.B. Post place at Bergen, S.W. 33-31-65.

Imagining himself in Norway, Olaf Sande takes a trip on his skis with the Haug boys, who also have skis, and they enjoy an overland, over hill, over log, long stride journey.

The meetings held at Bergen and Eidsvold were well attended and good results were obtained.

Prayer meetings at Mr. Johnson's have been well attended. Mr. Mikkelsen led the Norwegian part. Wallace Geiger is tail sawyer and planer helper these days.

Hale, Wayne and Wendell Gochee are the main force at the sawmill these days.

The Blain boys and Ben Lutkehaus had lumber sawn last week.

Billy Coates, east of Didsbury, hauled about eleven thousand feet of lumber with three four horse loads.

E. B. Brower has made several trips to the mill with a wagon.

Joe White made a trip to Bergen last week.

Mr. Erne Halvorsen seems cheerful even though he has been bed ridden for years.

As there are six sawmills in the district, Corless, Arnew, Sutherland, Shultz, Stevens and Erickson's, lumber should be cheap.

Sawing will be over about April first.

A new process has been devised to make paper money last longer. Now if they could only devise some means of making it buy a little more.

## Notice

Mr. Sidney Wright has taken over the Didsbury Dairy. In another column, he announces the new schedule of milk prices.

## 25 Years Ago

The Northern Alberta Hockey championship was won by Edmonton. The playoff for the championship of Middle Alberta was in progress between Didsbury, Lacombe and Wetaskiwin. The first game, between Didsbury and Wetaskiwin, ended 5 to 3 in our favor. The second game was played between Wetaskiwin and Lacombe with the former winning at 7 to 5. In the third game between Lacombe and Didsbury, Didsbury won, thus gaining the championship.

The foundation of the Boehmer Block was completed.

\$2500 was realized at the Fourth Monthly Street Fair at Didsbury.

Pittsburgh, U.S.A., wanted a ten-cent street car fare in order to make that mode of travel exclusive. The idea being to keep the ladies' dresses from being damaged by crushing or by dirt.

## 20 Years Ago

Miss Mary Shand and Mr. James Daniel Hunter, and Miss Bertha Alpaugh and Mr. Henry Heddon, were united in marriage by the Rev. T. J. S. Ferguson.

The grade of wheat around Didsbury must have been pretty high, as the seed grain applications were practically nil, while the office at Olds ran out of application forms.

Chairman Gaddes and Trustees Rupp, Weber and Hembling were the attendants at the school board meeting.

The following members were elected to the Quarterly Board of School Trustees of the New Methodist Church: Dr. A. J. Weart, R. Oliver, W. Hardy, Geo. Wiltse, F. H. Hunter.

## 15 Years Ago

H. E. Wiegand was a business visitor at Medicine Hat.

Miss Eva Sexsmith and Miss L. McMurchy were visitors in Calgary.

John Haug, of Bergen, returned from a visit to Norway saying that living expenses had increased enormously.

Mack Ryckman completed a fine horse barn for Charley Brown at Westcott.

Mr. and Mrs. G. A. Burns returned from their honeymoon trip to Nova Scotia, Ontario and the U.S.A.

A large gang of surveyors were working at Westcott in surveying the proposed branch line of the C.N.R. from Calgary to Edmonton.

The death was recorded of Mrs. G. A. Alden.

## 10 Years Ago

Russia completely surrendered to the Germans.

Ford tractors were supplied by the government for \$795.

Bob Stevens was called to the colors. It was said that the enemy would hunt for his dugout when Bob appeared on the scene.

The Hutton family returned from Florida.

The death of one of the early pioneers of this district, Mrs. C. C. Swalm, is recorded.

Mr. John Bellamy, who was visiting with his sons, returned to his home at Salmon Arm, B.C.

Without an anesthetic, Jake Remple underwent an operation on his arm.

Lieut. E. G. Grant, a former high school principal here, was reported wounded.

## Keeping Physically Fit in Mid-Ocean

Upper left—A physical class in operation. Upper right—The Canadian Pacific steamer "Montreal". Lower left—Interior of the gym of the "Empress of Australia". Lower right—Making use of the ship's swimming pool.

A gymnasium on board an ocean liner is no longer a novelty. The floating palaces of today which cross the mighty oceans between Canada and the Orient and Canada and Europe have gone one better than the best hotels. There are hotels in this country, but how many of them can offer the busy man or woman the use of a gymnasium? "How to keep fit at sea?" Board one of the famous "White Empresses", bound for the Orient from Vancouver, or cross from Quebec to Southampton by an "Empress of the Atlantic". These liners have gymnasiums on board, and you will have no reason to fear the consequences of a period of enforced leisure. On the Pacific the "Empress of Canada", "Empress of Asia" and "Empress of Russia", have gymnasiums which are in all respects like those of the three Atlantic Empresses. Spacious rooms, with excellent ventilation, and fitted with the latest equipment for almost every phase of athletic exercise. In addition, the Empress of Canada and the Empress of Australia have swimming pools, which are in the first rank of those to be found on board sea-going ships.

The apparatus with which the gymnasiums of the ships of the Canadian Pacific line are fitted is varied and diverting. The "horse" and the "camel" are perhaps the most popular among the machines. When travelling on the "Empress of Australia" and the "Empress of Scotland" to and from Canada this summer the Prince of Wales rode many imaginary miles on the comfortable back of the "horse" and also on the "camel's" hump. These beasts are electrically controlled, and when the current is switched on the "horse", which is properly saddled and has crupper and stirrups, proceeds to emulate the movement of a

horse in motion, and gives the rider a real and pleasant sensation of horse-back riding. The speed can be increased from a walk to a trot, from a trot to a canter, and from a canter to a gallop; but the "horse" is always a gentle beast and never throws his rider. The "camel" machine is as popular as the "horse". The "camel" functions in a similar manner to the horse, but performs the rolling motion peculiar to the "ships of the Sahara". The "camel" usually works overtime when the Round the World and Mediterranean Cruise Empresses are nearing Egypt, the ladies especially being anxious to accustom themselves to riding on the hump of a camel.

There are bicycle machines in the gymnasium of the Empresses. These are fitted with dials which record distances travelled up to 500 metres. Bicycles are placed side by side, which offers the possibilities of racing competitions.

Rowing machines, pulley-machines, which test the strength and develop the muscle, are amongst the apparatus with which the gymnasiums are equipped, and boxing-gloves, medicine-balls, punch-balls, foils, single-sticks, and indian clubs, provide boxers, fencers, and indian-club artists amongst the passengers with every opportunity of indulging in their favorite pastime.

The gymnasiums themselves are spacious rooms, well ventilated, and fitted with electric fans which help to keep the air always fresh. During certain hours the rooms are reserved for the exclusive use of the lady passengers.

A physical instructor is on duty in the gymnasiums during the regular hours. He instructs passengers in the use of the machines, and during the longer voyages and winter cruises made by the Empresses, classes for physical exercises are frequently held.

# RED ROSE TEA "is good tea"

Red Rose Orange Pekoe is  
the best tea you can buy  
In clean, bright Aluminum

## The Water Powers Of Canada

In the "forward look" which is now almost universally characteristic of the Canadian people regarding their Dominion, and which offers such a sharp contrast to the less optimistic,—in fact the rather pessimistic,—view entertained a comparatively few short years ago, the subject of power, and power development schemes, looms very large, coupled with the question of improved and cheaper means of transportation which has always bulked largely in the national policies of the country.

The development of power through the generation and application of steam made the nineteenth century noteworthy, and introduced the age of machinery in the work of production as contrasted with the old methods of handwork and manual labor. The closing years of the last century saw the beginnings of the development of power through electrical energy, largely developed through the primary utilization of steam. The internal combustion gasoline and oil engines also had their beginning.

During the first quarter of the present century development of electrical energy, and of internal combustion engines, proceeded with amazing rapidity, particular attention being paid to the harnessing of water-powers throughout the world for the production of electrical energy in its cheapest form and in enormous quantities, until it is now recognized that those countries possessing ample water-powers, and those natural resources that are the basic requirements in manufactures, are, and will to an ever increasing extent be, the great industrial nations of the world.

In extent, variety, and wealth of natural resources required in manufactures, and in the magnitude of its available water-powers within reasonable distance of such resources, Canada is probably the richest country in the known world, and the development of its water-powers for use, and the consequent utilization of its natural resources, is going ahead by leaps and bounds. The value of these water-powers and resources are only beginning to be fully realized by the people as a whole, and what they may be made to mean in the future of the Dominion.

Men of wealth, captains of industry, financial magnates, are alive to the importance of these great sources of potential wealth. They realize they are the foundations upon which great enterprises and an abounding prosperity can be built. As a result a scramble, a struggle, for possession and control of water-powers is in progress, and it behooves the people of Canada to give close attention and deep study to the many issues involved.

Naturally two schools of thought have arisen as to the policy which should be followed in relation to possession, development and control of water-powers, one advocating retention by the Government, whether Federal or Provincial, and development and ownership by such authority as a matter of public policy; the other strongly urging private ownership, development and control. It is argued, probably with truth, that development will be more rapid through the investment of private capital than can possibly be expected if left solely to Governments. It is further argued that, through the retention of a large measure of Government control over operations and rates, the interests of the public and the country at large can be protected.

Advocates of complete Government ownership, on the other hand, contend that these water-powers are the property of and an asset to the whole country, and should not be alienated; that these water-powers will run on forever and not be dissipated or exhausted as other resources may be; that, even granting that development might be more rapid under private ownership and greater initiative shown through the investment of private capital, the Canadian people will be well advised to take the longer look into the future of their country and protect that future by retaining complete possession and direct control of these sources of industrial greatness and national wealth and prosperity.

Ontario is practically committed to the policy of public ownership; Quebec, on the other hand, has followed the policy of development through private investment. Manitoba has both public and private development schemes under way. Saskatchewan has a Power Commission studying the whole subject. Manitoba and Alberta are both striving to obtain control of certain water-powers, title to which now rests with the Federal authorities. And looming over all is the great issue of development and control of the huge powers along the St. Lawrence and Ottawa Rivers.

This whole subject is so vitally important to the future of Canada it is well that all citizens should give earnest and careful consideration to it, and not be stampeded by private interests or by political catch-cries into either approval or condemnation of any policy now presented until it has been most thoroughly examined and demonstrated to be sound and wise, or, on the other hand, inimical to the country's best interests.

### Tribute To Sun Life President

Mr. T. B. Macaulay, president of the Sun Life Assurance Co., who recently celebrated his fiftieth year of continuous service.

### Extraordinary Expansion Of Sun Life Assurance

Business Has Doubled On An Average Every Five Or Six Years

The extraordinary expansion of the Sun Life Assurance Company of Canada during the last few years has caused its annual report to be awaited with unusual interest, not only by the policyholders of the Company, but by a large section of the general public.

Perhaps a sentimental interest attached to this expectation this year, because the President, Mr. T. B. Macaulay, in October celebrated his fiftieth year of continuous service, and it was known that the world-wide organization of the Sun Life Company had determined to specially honor his jubilee with an outstanding tribute in the form of increased business.

Having in view the fact that the Company's business has doubled on an average every five or six years since it was organized, it would appear rather difficult to undo previous records. But the annual report which the President has just submitted, and which appears in this issue, must have surpassed the expectations of the most sanguine. The total amount of assurances in force with the Company now approaches the billion and a half figure, \$1,487,000,000, an increase for the year of over \$231,500,000. The total net income for the year exceeded \$100,000,000—five times what it was ten years ago, and more than \$23,000,000 in excess of the income for the previous year.

The outstanding position of the Sun Life Company in the assurance world is not confined to Canada. Such statistics as are available for 1927 indicate that the aggregate new business of all the companies operating in North America last year barely exceeded the total new business of the previous year. The increase in the new business of the Sun Life of Canada, on the other hand, was twenty-three per cent. Assurances in force on the books of the Company have doubled in four years—new business has tripled in that period.

This wonderful expansion has been paralleled by a great increase in the already proverbial strength and resources of the Company. The assets have been increased by over \$54,000,000, and now reach the impressive total of over \$106,000,000. The Company's assets approximate the amount of the total assurances in force only eight years ago.

Dread Of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

True love will conquer a great many obstacles, but poverty and the toothache are exceptions.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

One or two drops of tincture of iodine will vanquish germs in a quart of unsafe water within 20 to 30 minutes.

**Sore throats**  
Rub Vicks on throat and chest. Relieves two ways at once—absorbed, inhaled.  
**VICKS VAPORUB**  
OVER 21 MILLION JARS USED YEARLY

## ASPIRIN

To break a cold harmlessly and in a hurry try an Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin;  
it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

## HERCULES

PERMANENT BUILDING PAPER

CUT IT—it doesn't tear easily

There's no denying that the most careful carpenter doesn't handle his tools with the dainty movements of a dentist.

Consequently he will appreciate a building paper which allows him to throw careful handling to the winds and work rapidly without fear of tearing. Hercules Permanent Building Paper is tough. Tearing or cracking in using is unheard of. Carpenters prefer it because it is easy to use.

Hercules—in three grades, x light, xx medium, and xxx heavy, is wind proof and damp proof.

Send now for samples and prices.

Appelford Paper Products

HAMILTON, CANADA

### Record In Miniature Writing

Writing in miniature on three-penny pieces is the hobby of a Harrow engraver. He has just completed engraving the Lord's Prayer twelve times on one of the small coins. And there is still room for three more versions! He thus beats the record of a Southampton man, who succeeded in writing the Lord's Prayer 11 and two-thirds times in a space the size of a three-penny piece.

### Was a Fast Worker

With lightning speed a "cat" burglar ransacked a room in an Esher Hotel and escaped with jewellery worth £250. In three minutes the thief climbed through a second-floor window; ransacked a wardrobe, portmanteau and a chest of drawers, and escaped down the stackpipe.

Many a man who is fancy free does not fancy his freedom.

### LESSON No. 17

**Question:** Why is emulsified cod-liver oil so efficient a food for young children?

**Answer:** Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.

Pure, pleasantly flavored, nothing quite surpasses

**SCOTT'S EMULSION**

W. N. U. 1722

### Canadian Coal Industry

The number of men employed in the coal industry of Canada last year was 29,004, divided between 6,611 surface men and 22,393 underground. Nova Scotia mines employed 13,402 persons; Alberta, 9,469, and British Columbia, 4,503. Saskatchewan had 648 and New Brunswick, 582.

### Keep Minard's in the Medicine Chest.

Will Shelton, chief of the Snohomish tribe of Indians, is carving his tribe's history on a huge cedar pole.

**Muscular Rheumatism Subdued.**—When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

Sawgrass, a tall grass that grows in marshy places in Florida, is used for making paper pulp.

Minard's Liniment—Invaluable in the Stable.

## ANSWERS GIVEN TO QUESTIONS ON IMMIGRATION

Ottawa.—A number of questions dealing with immigration were answered in the House of Commons, their range extending from the admission of Asiatics to the cost of transportation from Europe to Canada.

It is shown that from 1921 to 1927 there were 787,408 immigrants arrived in Canada from Great Britain, the continent of Europe and the United States. Of these 361,834 came from the United Kingdom; 249,521 from the continent, and 176,053 from south of the international boundary. The cost to the country for bringing in those immigrants was \$7,204,986, of which over 50 per cent. was spent in connection with British immigration.

The figures disclose that the banner year in immigration from the Old Country was that which closed on March 31, 1921, when 74,262 newcomers came to Canada. In the fiscal year, ended March, 1927, the number of foreigners coming into this country from European continental parts was 71,673, a figure that exceeded by 370 the combined totals of British and American immigration during that period.

Since 1923, the year in which the system of assisted passage was adopted, to December 31, 1927, there were 61,267 new settlers brought in, at a cost of \$1,534,531.

The answers stated that provision was made under the Canadian Farm Loan Act of 1927 to assist Canadians desirous of settling on the vacant lands of the country.

In the year 1927 there were 94 Chinese admitted to Canada under permit, and of these 40 entered as actors and actresses; four were missionaries and three were teachers. Thirty-five of the 94 had already left the country.

In the same year 493 Japanese entered Canada, distributed in 118 adult males, 277 adult females, and 98 children. The laboring class accounted for 154 of both sexes, while farmers totalled 118 both sexes.

## China Hopes For Improvement

People Looking For Better Times During This Year

Canton.—Thankful that the "year of the rabbit" just closed is behind them, the people of China today are hoping for better times under the fiery watch of the mystic dragon now presiding over the current year.

The "year of the rabbit" ended in the midst of crippled domestic trade, curtailed shipments abroad and in general a dreary commercial outlook and Canton and South China ushered in the New Year hopeful but with grave commercial misgivings.

The new lunar year means much to China and her more than four hundred millions of persons. In addition to being practically her only holiday of the year, it is the chief commercial settling day when all accounts of the dying year are "reckoned up and paid."

## Wins Quebec Dog Derby

Emile St. Goddard Beats Nearest Competitor By Two Minutes

Quebec.—Emile St. Goddard, musher of The Pas, Man., won the annual international dog derby here by defeating Leonard Seppala in the third day's heat by 2 minutes and 33 seconds.

St. Goddard's time for the 41-mile run was 3:39:07, while Seppala was second in 3:41:40, and Earl Brydges, The Pas, Man., third in 3:42:50.

The total time for the races for the three days was: 1, St. Goddard, 11:14:17; 2, Seppala, 11:17:30; 3, Brydges, 11:28:25.

## Lindbergh Homestead As Memorial

Washington.—A bill to authorize the purchase of the Lindbergh homestead at Little Falls, Minn., as a suitable memorial to the achievements of Col. Charles A. Lindbergh, through the sale of medals, has been introduced by Senator Shipstead, Farmer-Labor, Minnesota. A similar measure has been introduced in the house.

W. N. U. 1722

## C.P.R. Traffic Chief Dead

C. E. E. Ussher Had Been With Railway For 42 Years

Montreal.—C. E. E. Ussher, general passenger traffic manager of the Canadian Pacific Railway, died suddenly at his residence in Westmount. He was 71 years of age.

Mr. Ussher was born at Chrysler's farm, Chippewa, Ont., Dec. 29, 1857. He joined the C.P.R. on Nov. 1, 1886 as chief ticket clerk in the passenger department at Montreal.

His rise to executive office was rapid, culminating in his appointment as general passenger traffic manager of the company on Sept. 1, 1922, with jurisdiction over passenger and traffic matters covering rail and steamships on the Atlantic and Pacific and also gave him charge of the entire hotel chain of the company.

Mr. Ussher originally intended to go in for a musical career but owing to force of circumstances entered railroad instead.

He joined the Canadian Pacific Railway when the trans-continental service was inaugurated and was therefore contemporary with the extension of that railway across the continent. He had seen it grow to a world-wide organization, stretching through the Dominion and encircling the globe.

## World Cataclysm Predicted

Date Of Commencement Set At May 29 This Year

Ottawa.—If the symbolism of the great pyramid of Egypt are reliable they foreshadow a great cataclysm to commence at midnight of May 29 this year, according to T. R. Ransome, Toronto, organizing secretary for the British Israel Federation of Canada.

Addressing a gathering of Ottawans, Mr. Ransome made it clear that he was uncertain just what form the cataclysm would take, "but if the prophecies of the Bible were indeed the true word of God, and current history was a guide" then he was afraid it was the "war to the end."

## New Jail For Manitoba

Will Be Located Where Farming Operations May Be Carried On

Winnipeg.—Manitoba is to have a new provincial jail and prisoners who are sent to it will have to work at farming operations, according to an announcement made by Hon. W. J. Major, Attorney-General, in the Legislature.

The site of the new institution to cost \$300,000, has not been selected yet, but the Attorney-General stated that it would be located at a place where farming operations could be carried on in combination with the ordinary prison routine.

## NEW CANADIAN PEER

Lord Strathcona and Mount Royal, new Canadian peer, who is a member of the royal commission on India reforms which was greeted by rioting on its arrival in Madras.

## Federal Aid Cancelled

Contributions To Unemployment Relief In Provinces Was War-Time Measure

Ottawa.—Withdrawal of Federal contributions to the provinces for unemployment relief is announced in a letter from Premier King to Premier Bracken, of Manitoba, dated February 20.

The Prime Minister in part says that the policy of the government as set out at the Dominion-Provincial conference was "that such assistance as had been given from the Federal treasury had justification as a war-time measure to meet conditions arising out of the war and the re-establishment of returned men in civil life."

Mr. King continues: "It was stated at the conference that the justification for Federal assistance in the matter of unemployment on this ground no longer exists. In our opinion other circumstances have not arisen which at the present time justify contributions from the Federal treasury to either the provinces or to municipalities as an assistance in dealing with the problem of unemployment."

The letter was in answer to inquiries from the Manitoba government as to what aid could be expected this year.

## London Chimes Travel Nearly Around World

Re-Broadcast In Australia Are Heard In Buffalo, N.Y.

Buffalo, N.Y.—Chimes of Big Ben in London, re-broadcast by Station 2-FC in Sydney, Australia, went on the air over a radio station here.

The evening programme of the Australian station was broadcast by the local stations. After the usual musical programme, the Sydney station picked up the London broadcast and in what is believed to be the first experiment of its kind in the history of radio, chimes in London were heard in Buffalo, after travelling nearly around the world. At one point in the broadcast the Sydney announcer called "Hello, America," and sent greetings from Australia to the people of Western New York.

Some difficulty was had with heavy atmospheric conditions, but after preliminary tests, signals were picked up very clearly.

## Increase In Paper Exports

Ottawa.—Canada's total export of newsprint for the 12 months ending January 21, was \$124,168,090, as compared with \$115,013,128 for the corresponding previous 12 months. The returns were made public by the Dominion bureau of statistics. The total exports of paper and manufactures of paper were \$130,570,320 for the last 12 months, and \$122,253,320 for the year before.

## Testing Invention For Planes

Illinois Engineer Has Secured Patents

For Gasoline Turbine Motor

Chicago.—Assured that three nations including Canada will grant him patents on his gasoline turbine aeroplane motor, R. E. Laslaey, engineer, of Libertyville, Ill., is going forward with plans to test his invention on a trans-Atlantic flight. France and the United States already have recognized the patent.

Mr. Laslaey said his engine will have a third greater cruising radius for the amount of fuel used than any existing aeroplane engine.

## Ready To Sail Earlier

Canadian Destroyers May Be Finished Before March 20

Ottawa.—The Canadian destroyers Vancouver and Champlain, which are being reconditioned at Portsmouth for service in Canadian waters, will probably be ready to sail earlier than March 20 as was originally planned.

This was declared by officials of the department of national defence. The destroyers, formerly the Torbay and the Toreador, are replacing the obsolete Patrician on the Pacific coast and the Patriot, Halifax.

## EXPERT MOVERS

Sir John and Lady Martin-Harvey, famous English players of Sabatini's "Scaramouche," who with their company of 25 actors spent only three hours entraining at Halifax from the Cunarder Antonia for their Canadian tour, with hundreds of pounds of dresses, disguises, guns, and what-not to be piled in two 65-foot box cars. No fuss no time lost. A lesson to householders who move in May.

## CONDITIONS MORE FAVORABLE IN LIVESTOCK TRADE

Vancouver.—Conditions now in all branches of the livestock industry are more favorable than at any time in the last seven years, declared R. A. Wright, president of the Western Canada Livestock Union, at the opening session here, of the fifteenth annual convention of the organization. More than 100 delegates from the western provinces were in attendance at the three-day convention. All branches of the industry were represented, as well as the Dominion and Provincial Governments.

"It would appear as though our farmers and ranchers were in for a considerable period of short receipts and better prices," declared Mr. Wright. "Livestock prices compare more favorably with the purchasing power of non-agricultural products than at any time since 1920, which means the purchasing power of livestock during 1927 has recovered almost its pre-war relation to other industries."

Referring to a ten million dollar merger of packing interests last year, the president urged the necessity of an organization of producers to meet the competition of collective buying by selling collectively. During his term as head of the union, Mr. Wright said, he has become more than ever convinced of the necessity of the organization to the livestock industry and it has become recognized by provincial and federal authorities as the mouthpiece of livestock interests.

## Established New Air Records

British Aviator Reaches Australia From England In Fifteen Days

London.—Bert Hinkler, British aviator who arrived in Australia Feb. 22, is acclaimed in London as having performed one of the most remarkable feats of flying skill and endurance that has yet been accomplished.

Claims are made that the 15-day flight established five new air records, being the fastest flight between England and Australia; the longest light plane flight ever made; the longest solo flight in any kind of an aeroplane; the fastest journey between England and India, and the first non-stop flight between London and Rome.

It developed that Hinkler was poorer by about \$10,000 than he would have been if he had completed arrangements for a policy with Lloyds which he previously was stated to have taken out. The underwriters said that Hinkler had arranged for a policy of about £2,000 against reaching Australia within 16 days, but for some reason left without completing the negotiations.

The Daily Mail said that the real object of Bert Hinkler's flight to Australia was to test a new undercarriage. This the British flier invented himself and to it he attributed his success in his present flight.

The plane he uses is fitted with folding wings and an undercarriage which swings back when the wings are folded, enabling the flier to house the machine in a garage and making it easy for one man to handle.

Hinkler sent a message to London saying he never had the least assistance in moving the machine since he started.

## Auto Racer Near Death

Had Miraculous Escape In Attempt To Set New Speed Record

Daytona Beach, Fla.—Frank Lockhart, internationally known race driver of Indianapolis, narrowly escaped instant death when he lost control of his powerful Stutz Blackhawk Special during an attempt to set a new world's automobile speed record and hurtled with it into the surf while travelling at 225 miles an hour. A superficial examination revealed no obviously serious hurts.

The 25-year-old racer suffered a severe shock but otherwise was not seriously hurt. This was the pronouncement of physicians at the hospital to which he was taken.

A complete examination, the doctors said, showed no broken bones, no internal injuries, and that aside from a few lacerations on his face, Lockhart was suffering principally from shock.

### Smashes All Records.

New Ford Broke Three Records  
between L. A. and Phoenix.

(Averages 58.26 miles per hour  
to Phoenix, Arizona. Lowering  
running time one hour and fifty  
nine minutes for the round trip).

Speeding along desert roads at  
more than a mile per minute a  
new Ford Tudor Sedan, absolutely  
stock and completely equipped,  
broke three Los Angeles Phoenix  
records. On the trip to Phoenix,  
by way of Yuma, the drivers took  
the car over 145 miles of dirt and  
gravel roads that were rough and  
rutted, but maintained an average  
speed of 58.26 miles per hour,  
demonstrating the ability of the  
Ford motor to sustain high speed  
hour after hour under gruelling  
circumstances. The time was 8  
hours, 14 minutes and 50 seconds,  
lowering the record by 19 minutes  
and 10 seconds.

The return trip to Los Angeles  
by way of Blythe, took the car  
over 254 miles of dirt and gravel  
roads even rougher than those en-

countered on the trip to Phoenix.  
The former record was lowered 1  
hour, 39 minutes, 50 seconds, the  
running time being 8 hours, 50  
minutes and 10 seconds.

Three Los Angeles Ford dealers  
took turns driving. They are Dud  
R. Ray of Lawrence & Ray, Inc.,  
Jack Frost and Frank French of  
Officially timed by Western Union.

The first of the new Ford cars  
was brought up from Calgary this  
week by Roger Barrett, and its  
demonstration on the streets.  
Didsbury created considerable inter-  
est. Numerous enquiries have  
already been received, and it is  
safe to say that the popularity of  
the new car in the district is an  
evident fact.

## Notice.

I wish to announce that Mr.  
Sydney Wright has purchased the  
Didsbury Dairy. With it have  
been sold all the features of re-  
cent installation that are required  
by the modern demand for prompt  
service, and for food that is ab-  
solutely pure. The triple guar-  
antee of "Quality, Purity, and  
Cleanliness" will be continued. I  
thank you for the splendid pa-  
tronage that you have accorded  
me in the past, and solicit for Mr.  
Wright a continuance of the co-  
operation that enables the com-  
munity to have germ-free milk  
and cream at ordinary rural prices  
J. E. LIESEMER

## Church Announcements

### Evangelical Notes

The last Sunday evening service was  
one of unusual interest and it seems to  
have made a profound impression upon  
nearly every one present. It was a  
"New Converts Service" in which they  
were given the privilege of leadership in  
message and song. Then 13 new mem-  
bers were received, by the pastor, into  
the Church, after which two adult bap-  
tisms also took place. The church was  
well filled at both the morning and  
evening service.

Beginning next Sunday, the pastor  
will preach a series of Sunday Evening  
sermons on "Five of the Greatest Things  
in the World" and their relation to  
human life.

The subjects and order of treatment  
will be as follows: March 4—"The  
Greatest Illuminator in the World,"  
March 11—"The Greatest Building in  
the World," March 18—"The Greatest  
Thief in the World," March 25—  
Christian Endeavour Night, April 1—  
"The Greatest Detective in the World,"  
April 8—"The Greatest Benefactor in the  
World."

These sermons will all be developed  
along evangelistic lines of thought and,  
backed up by the prayers of the congre-  
gation, should result in much good.

### Knox & Westcott

Sunday, March 4th. Westcott 10.30  
a.m., Community Hall, Knox at 7.30  
p.m.

Community Hall Sunday Services were  
suspended during the cold weather of  
last fall, but it is thought fitting to re-  
open during the Lenten season, and the  
Services will be held on Sunday, March  
4th.

Good Friday this year falls on April  
6th, and Easter Sunday on April 9th,  
just a little over a month from now. The  
minister urges upon all the people to be  
present at Church during the next few  
weeks.

### Watching Flin Flon

Winnipeg.—To keep pace with the  
developments in the Flin Flon mining  
area of northwestern Manitoba, the Uni-  
ted Church will send missionaries to  
visit all sections where construction is  
under way and where settlements are  
made. At Pine Falls, in northeastern  
Manitoba, where the United Church  
made a start a year ago, \$3,500 has been  
subscribed towards a Church building,  
and more will be added.

### Lutheran Church

March 4th. Westcott at 10.30 a.m.  
German; Didsbury, 2.30 p.m., German;  
Didsbury, 8.00 p.m., English.

Betrayed by Judas, apprehended by  
his enemies, forsaken by his friends are  
the three points which, in full detail,  
the pastor will carry out in the German  
Lenten sermons on Sunday next.

In the English service a Lenten sub-  
ject likewise will be taken: "Jesus, the  
pleading saviour."

The Scenes in dark Gethsemane un-  
ique in their setting yet constantly  
changing form the background for both  
sermons.

### M.B.C. CHURCH NOTES

#### SPECIAL NOTICE.

The Annual Conference and Conven-  
tions, Sunday-School and Ministerial,  
will be held at the M.B.C. Church be-  
ginning on Tuesday, March 6th, and  
lasting throughout the week. The busi-  
ness of the Conference proper will be-  
gin on Thursday, March 8th.

Come and enjoy the Conventions and  
Conference. The programs for the con-  
ventions will be of interest to all. Every-  
one welcome. Come.

### C.P.R. LAY SPUR TRACK AT DIDSBURY.

A decided improvement has been  
effected here the past week by the  
C.P.R. and one that will be greatly  
appreciated by many. The im-  
provement consists of a new side  
track laid down just south of the  
depot, where cars can be placed for  
unloading thus relieving the con-  
gestion near grain elevators. The  
track newly laid also relieves the  
wagons and drays of the necessity  
of crossing the track, which means  
the saving of considerable time as  
well as being much more conven-  
ient.

## John Deere Tractor School

Under direction of Practical Tractor Men will be held at  
Didsbury Opera House  
March 8th.

At Ten o'clock a.m.

As this is a short Practical Course it is suggested that  
those who are desirous of attending be present at Nine  
o'clock and get the benefit of all the instruction and Demon-  
stration.

Everyone Invited.
